WORKTOPS

CONTEMPORARY DESIGN FOR MODERN LIVING

These contemporary worktops are designed to look fabulous, but they're also designed to take the knocks and spills of everyday life. There are 24 inspirational decors in the range, with a choice of three thicknesses, there is sure to be something to suit every style of kitchen. Available in a handy 3 metre length, these worktops combine effortless beauty with no-nonsense durability to become the focus point of the kitchen.

Manufactured in the UK from sustainable or recycled materials, this worktop range assures real value for money. They may come at a budget price but with a premium look and feel.

STYLE WITH DURABILITY

Not only do they look the part, but advances in manufacturing technology make them tough enough to handle the rigours and stresses of life in a busy kitchen. A scratch and heat resistant laminate surface on a sturdy particleboard core with moisture resistant sealed edges, creates a durable and easy to clean surface with long lasting structural integrity. These worktops also have proven antibacterial properties for a reassuringly hygienic surface. FIRA and British Standard certification, coupled with a continuous programme of quality control means they're easy on the eye, easy to maintain and very easy to live with.

- > HYGIENIC, ANTIBACTERIAL SURFACES
- > SCRATCH AND HEAT RESISTANT
- > ON TREND CHOICE OF DECORS
- > CHOICE OF THICKNESSES
- > EASY MAINTENANCE
- > MATCHING UPSTANDS AND SPLASHBACKS
- > ECO FRIENDLY CONSTRUCTION
- > MADE IN THE UK

LOVE YOUR PROFILE

ABS Square Edge

This is the modern version of a worktop and features a straight edge and 1.5mm ABS edging that gives a sturdy, square look. The simple, cleaner lines make these worktops perfect for any contemporary or minimalist kitchen design. Additional ABS edging available to order separately.

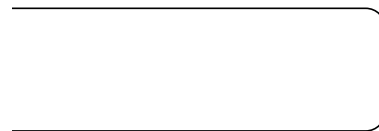

38mm, ABS Edged

22mm, ABS Edged

Round Edge

Round Edge worktops feature a raw particleboard core covered with a decorative HPL laminate, making them ideal for counters in kitchens, offices and shops. Laminate edging included.

38mm, 6mm Radius

28mm, 6mm Radius

NOTE: All upstands are round edge.

FINISHING TOUCHES

Matching Splashbacks

Coordinating exactly to our worktop range, splashbacks provide the finishing touch to worktops in a kitchen, office or work areas. They protect the walls behind the worktop at the same time creating a more attractive appearance.

Matching Upstands

Made to perfectly match the worktop design, our upstands are used to create a seal between the worktop and the wall. They are only a few centimeters high but prevent splashes or spills penetrating the back of the worktop.

NOTE: All upstands are round edge.

CARE

Care for your worktop

Studio worktops are easy to maintain, simply use a damp cloth and a mild detergent or non-abrasive cleaner to keep the surface clean and hygienic.

Stubborn stains should be removed immediately (the use of abrasive cleaners should be avoided).

Whilst your worktop is resistant to high temperatures, you should always put hot objects on to heat resistant mats or trivets. Our gloss finish will enhance and complement the effect of the decor, however it is advisory to take extra care with gloss finish worktops as they are more prone to marking. Try to avoid sliding objects across the surface of the laminate. To prevent damaging the surface, always use a chopping board for preparing food. Full details for care and maintenance can be found in the Care Guide included with every worktop, or discuss with your retailer.

Care for your environment

We only supply FSC® certified wood products. All of our timber inputs are either traceable to a forest that is managed sustainably, or recycled waste wood diverted from landfill. We monitor our use of water and energy constantly to identify opportunities to reduce usage and have invested heavily in processes that generate energy from woodbased carbon neutral fuel, significantly reducing carbon emissions. Our products also have a stretching lifespan, acting as a carbon sink that at some point in the future can be further recycled or burnt for fuel.

Guarantee

All worktops are guaranteed for a period of 12 months from date of purchase (proof of purchase required). Please refer to the Care Guide for full details.
